Jeremy,

Great talking with you this afternoon and my apologies for the delay in responding to your question. After we spoke, computer support staff came by to fix my laptop and it took longer than anticipated.

As we discussed, the section in the [frequently asked questions](#) on “allowable activities” (see Question #20) outlines the steps an SEA must undertake to determine if an activity is allowable. Additionally, the attached PowerPoint presentation includes two slides (Slides 13 and 14) that note the list of prohibitions in ESEA, Title IV, Part A.

After you review these documents, please let me know if you have any questions or if additional guidance is needed on this issue by the Ohio DoE. Because of the sensitivity of this matter, we could certainly have OGC review your issue/concern (i.e., Is it allowable to use Title IV, Part A funds to purchase guns and/or for gun safety training?). If you would like OGC to review your concern, all I would need is your specific question or questions in an email.

Best,
Ivonne Jaime
