Dear Mr. Seel,

Please see the Commission's website: <https://www.state.gov/commission-on-unalienable-rights>. The State Department created the website to provide agendas, minutes, and information on each document received, issued, or approved by the advisory committee at the public meetings. To the best of our knowledge, the web page contains all such documents for the meetings held so far.

Please let me know if this response meets your request on behalf of CHANGE and Robert F. Kennedy Human Rights.

With best regards,

Duncan
