Dear Mr. Ross:

It is my understanding from your Sales team that you are interested in (b)(6)

[REDACTED]

Within 2 to 5 days of receiving the executed documents (b)(6)
[REDACTED] Upon closing, you will receive confirmation that the transaction has been completed and thereafter have immediate access to the aircraft. Within 48 hours after closing, you will receive an Owner's Manual which contains information on how to use the NetJets® Program, including both an Owner Services team assignment and a toll free reservations number. If you need to use the program after closing, but before the personalized Owner's manual is received, please contact me directly for assistance. Approximately two weeks after the official closing of this interest, a fully executed copy of the lease documents will be returned to you for your records.

Sales tax in an amount (b)(6) may also be collected depending upon the closing state. The sales tax (if any) will be invoiced after the closing date.

I look forward to making your lease increase in the NetJets® Program an exciting and uncomplicated process. Should you have any questions, please do not hesitate to contact me at (614) 239-2390 or via E-mail at lmego@netjets.com.

Secretary and Mrs. Ross,

I hope this email finds you well. You may have received the attached invitation in the mail directly for Anne Summers but my father, Donald Miller, suggested I also send you a copy via email. Ann and Peter Summers are graciously hosting an event at their home on March 22nd for our friend Clay Tippins, Republican candidate for Governor of Georgia. If you are in town, I hope you will consider joining us.

Clay is an exceptional individual and I think you will enjoy talking with him. After 15 years in the private sector, most recently running a half billion dollar P&L for global consulting giant Capgemini, Clay has decided to apply his business turnaround skills to help the people of Georgia by running for Governor. As an All-American swimmer at Stanford and retired Navy SEAL, Clay is no stranger to hard work and overcoming obstacles.

Clay believes that every State needs smaller and smarter government. This means tackling a variety of tough issues such as reducing waste and abuse of entitlement programs and implementing new programs around education, modern transportation, crime and health care. Clay's proven transformative leadership skills and background as a corporate consultant, Navy SEAL and successful technology business executive, will enable him to deliver new policy methods and better results that are replicable across State lines.

I know Clay would deeply appreciate the opportunity to gain your insight on a variety of issues. Please let me know if you have any questions about Clay, the event or if I can help facilitate an introduction.

Warmest Regards,
Prescott Miller

For more information on Clay please see his website, <https://claytippins.com/>.
