Thanks again for sending all of this over. We're going to aim for a weekend piece on all of this after we look into it a big more and contact everyone on it.

Thanks!

Shelby,

Great to talk with you earlier. I'm attaching a document we pulled together on these specific areas of WHO misconduct. Feel free to use it all on background. If you need to talk through anything or want clarification, please don't hesitate to give me a call.

Hey Shelby,

We've been doing some deep-digging on the World Health Organization, which I'm sure is no surprise. Wondering if you want to give me a call if you're free? One area that's been underreported is how much abuse and rampant misconduct goes on within the organization and we've got some data if you're interested. My cell is [Ex 6 - (5 U.S.C. Sec 552(b)(6))]
