Just a rough calculation
professional admin (admin,
inst leadership, principals)
base salaries 3,996,401.
Total base salaries
48,698,338 (No benefits).
8%

So salaries make up
approximately 83% of our
budget, and of that amount
only 8% is administrative.
Which is just over 1/2 the
start average.

not include them.
