Gentleman

After reviewing this document it does not appear to be legally viable. I suggest we have Mr. Cortez draft a legally sufficient Time, place , manner ordnance that includes requirements of a hospital admitting privilege that complies with the New Mexico Constitution. I do know Dwayne is supportive of an in house draft of time, place, manner and I would ask for support in moving forward on a draft we can discuss.

This is the ordinance to look over. It has been rewritten with the recommendations from Efren Cortez on items that needed to be address from the last one that was written.
